

In Unstable Times, God Is Enough To Keep Us Stable

Psalm 20:7-8

This Psalm was written by David.

- David learned to place his trust in God. Psalm 20:7-8
- Unstable means unsteady; insecure.
- Why is it important to understand God is enough to keep us stable?

Uncertainty fuels instability, but knowing God is there keeps us stable.

- We are living in times of uncertainty.
- This pandemic caused us problems, not only physical but spiritual.
- It has brought us to a point to see how much we trust God and how committed we are to serving Him.
- It has caused us to ask some questions
- What am I going to do? Where am I going to turn for help?
- The answer is the Lord will help us deal with this unstable situation. Psalm 94:18-19
- God is there to keep us stable.
- Stable means steady, firm, unwavering; secure also means calm.

What can we do to help us keep stable?

- Know this too shall pass.
- Focus on the positives.
- Get around people who will be good influences in your life.
- Spend time with God and in His word. Psa. 91:1
- Seek God first. Matt.6:33
