

Are You Thank-Full? Luke 17:11-16

- There were ten lepers – vs. 12
- These lepers were all cleansed – 14
- Only one came back to thank him – 15
- That one was made whole – 19
- The key to that one leper being whole or full was thankfulness.
- What are some key things about being **Thank-Full**:
- **To be thank-full we must leave the crowd.**
 - We must distance ourselves from thinking we deserved what Jesus has done for us.
 - If we are going to be **full** we have to distance ourselves from the thankless.
- **To be thank-full we must be willing to stop.**
 - Many of us fail to stop in our journey to acknowledge what God has done for us.
 - Let's take time and stop and allow what God has done to cause us to be thank-full.
- **Thankfulness must invade our language before fullness will invade our life.**
 - Our mouths ought to be **full** of thanksgiving and praise.
 - Psa. 100:4; 150:6; 51:15; I Thess. 5:16-18
 - God's will is that we be thank-**full**
 - In order for us to be full we must stop and go out of our way to express gratitude.
